

Better Business Bureau Business Spotlight: El Dorado Audiology, Inc

El Dorado Audiology, Inc. has been providing sophisticated Audiologic Hearing Evaluations and services to consumers with hearing devices for almost 14 years, and has been an Accredited Business with BBB since 2009.

In today's challenging marketplace it's more important than ever for consumers to be able to trust the company they're doing business with, and El Dorado Audiology has done just that in maintaining a sterling record with BBB over the last 14 years.

"To us, our BBB Accreditation means we're providing evidence to the community that we're very dedicated to providing our customers with the best care, and always conducting our business honestly," Carolyn Jaret, MS, CCC-A, Owner of El Dorado Audiology, told BBB.

Jaret said she started the company after discovering that her husband had severe hearing loss, and immediately knew she what she had to do to improve the lives, not only of her family, but other people who suffer from hearing loss.

"Starting this company has made a huge difference in my family's life, and we try our best to make a positive difference in our customers' lives as well," she said.

El Dorado Audiology's focus is patient first. The care and concern of quality life is always priority at El Dorado Audiology.
